关于亿富
About INFOR

1999-2006

Initial Start-up Stage 初创启航期

- 公司正式成立，在深圳市潭头成立“崇富化工（深圳）机械厂，专注于进口设备的维修和设备加工。
- 2004年迁址到东莞，并进行扩建更名为“东莞市亿富机械设备厂”专注分散研磨设备生产和销售。
- The company was officially founded in Tantou, Shenzhen, under the name Chongfu Chemical (Shenzhen) Machinery Factory, mainly engaged in the maintenance of imported equipment and non-standard equipment processing.
- In 2004, the factory relocated to Dongguan and completed expansion and upgrading. It was renamed Dongguan Yifu Machinery Factory, specializing in the R&D, production and sales of dispersion and grinding equipment.

2007-2018

Steady Growth Stage 稳步成长期

- 完成公司再次升级，更名为：“东莞市亿富机械科技有限公司”；
- 定位为中国高端研磨设备高新技术企业；
- 开始逐步大范围供货给新能源行业客户
- Completed the company's second upgrade and was renamed: Dongguan Yifu Machinery Technology Co., Ltd.;
- Positioned as a high-tech enterprise specializing in high-end grinding equipment in China;
- Began large-scale supply to customers in the new energy industry step by step.

2019-2021

High-speed Growth Stage 高速增长期

- 破解纳米级研磨瓶颈，突破砂磨机智能节能双技术突破，推出行业首款节能砂磨机；
- 新能源行业多个标杆项目落地；
- 湖北建厂扩大产能，成立“湖北亿富机械科技有限公司”；
- Breaking through the bottleneck of nano-level grinding, achieving dual technological breakthroughs in intelligent control and energy saving for sand mills, and launching the industry's first energy-saving sand mill;
- Multiple benchmark projects in the new energy industry have been successfully implemented;
- Built a new factory in Hubei to expand production capacity and established Hubei Yifu Machinery Technology Co., Ltd.;

2022-2025

Rapid Expansion Stage 快速扩张期

- 砂磨机多项技术领先市场
- 荣获多项荣誉资质及证书，如：“专精特新”企业；“倍增计划”企业；国家专精特新“小巨人”企业
- 成为多家上市公司、头部企业、国企优质供应商荣誉称号。
- 成立韩国、印度、印尼、美国、西班牙等海外分公司及办事处
- Our sand mill technologies lead the market in multiple aspects.
- Awarded numerous honors and qualifications, including Specialized, Refined, Differential and Innovative Enterprise, Double Growth Plan Enterprise, and National Specialized, Refined, Differential and Innovative Little Giant Enterprise — authoritative recognitions of corporate strength in China.
- Honored as a high-quality supplier for multiple listed companies, industry leading enterprises and state-owned enterprises.
- Overseas subsidiaries and offices have been established in South Korea, India, Indonesia, the United States, Spain and other regions.

2026-未来

Brilliant prospects 未来可期

- 公司总部形象升级，搬迁到东莞松山湖，公司更名为：广东亿富智能装备有限公司。
- 生产基地进驻湖北襄阳104亩新产业园区
- 未来将继续深耕于高端研磨设备的技术创新，助力中国新能源产业领先全球。
- 荣获更高的荣誉资质，如“重点小巨人”企业；国家级制造业单项冠军企业
- The company upgraded its headquarters image and relocated to Songshan Lake, Dongguan, with its official name changed to Guangdong Yifu Intelligent Equipment Co., Ltd.
- The production base settled in a new 104-acre industrial park in Xiangyang, Hubei.
- Going forward, the company will continue to deepen its commitment to technological innovation in high-end grinding equipment, empowering China's new energy industry to take a global leading position.
- It has been awarded higher-level honor qualifications, including the Key Little Giant Enterprise and National Manufacturing Single Champion Enterprise.

愿 景/Vision

成为世界一流的研磨装备企业

To be a world-class grinding
equipment enterprise

使 命/Mission

推动中国研磨产业领先全球

Lead the global grinding industry with
Chinese strengths

价值观 /Values

客户至上 技术驱动

凝心聚力 向上向善

Customer First, Technology-Driven
Unite as One, Strive for Goodness

目 标/Goals

成为研磨技术的龙头企业

Become a leading enterprise in
grinding technology

综合实力/Comprehensive Strength

历经二十余载的沉淀与发展，亿富智能始终秉持初心，在行业浪潮中稳步前行，实现了团队、生产、技术、市场的全方位跨越式发展，以坚实的实力持续满足客户需求，为更多客户提供更优质、更专业的服务。

After more than 20 years of accumulation and development, INFOR has always stayed true to its original aspiration and advanced steadily amid industry trends. It has achieved all-round leapfrog development in team building, production capacity, technology research and market layout. With solid comprehensive strength, we continuously meet customers' demands and deliver higher-quality and more professional services to clients worldwide.

生产规模与产能/Production Capacity

我们的生产能力/Our Manufacturing Power

在湖北自建70000m²标准化生产基地，设有4大专业化生产车间，全面配备自动化智能加工设备，月度产能可达200台设备，凭借强大的生产实力与严格的品质管控，实现产品保质保量高效交付，全力满足客户批量订单需求。

We have built a **70,000 m²** standardized production base in Hubei, consisting of **4** professional production workshops fully equipped with automated and intelligent processing equipment. The monthly production capacity reaches **200 units**. Supported by strong manufacturing capacity and strict quality control, we deliver products efficiently with guaranteed quality and quantity, fully meeting customers' demands for bulk orders.

创新与技术

我们拥有专业的研发团队及设备完善的独立实验室。坚持技术创新，现已斩获多项国家专利与自主核心专有技术。我们持续迭代升级研磨工艺，确保砂磨机产品始终稳居行业前沿水平。

Innovation & Technology

We possess a professional R&D team and a well-equipped independent laboratory. Our commitment to innovation has led to numerous national patents and proprietary technologies. We continuously upgrade our grinding processes to ensure our sand mills remain at the forefront of the industry.

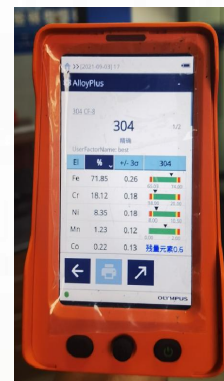

实验室&实验设备

Laboratory & Experimental Equipment

亿富智能在东莞、湖北建立了2大实验基地，拥有超过10000多次的累计试验经验，持续为客户提供产品性能检测、设备性能验证、材料研究与探索，不断加强自身的研发创新实力，实现技术的升级和突破。

INFOR has established two major experimental bases in Dongguan and Hubei, with accumulated testing experience of over 10,000 cases.

It continuously provides customers with product performance testing, equipment performance verification, as well as material research and development. The company steadily strengthens its independent R&D and innovation capabilities to achieve technological upgrading and breakthroughs.

研发实力/R&D Capability

拥有100多项专利
more than 100+ patents

我们公司非常重视公司知识产权保护，构建了一套完善且高效的知识产权管理体系。

Our company attaches great importance to the protection of its intellectual property rights and has established a comprehensive and efficient intellectual property management system.

Patent of invention/发明专利：35

Utility model patent/实用新型：46

Appearance patent/外观专利：22

企业公司资质与荣誉/Qualifications and Honors

质量和技术奖

Good quality and technological innovation

公司在质量上荣获多项认证资质，品质优势成为我司是核心竞争。

公司获得了国内重要的资质认证，如专精特新企业、专精特新小巨人企业、高新企业，这些资质代表技术创新成为我司的竞争力。

Our company has obtained multiple certification qualifications in terms of quality, and quality advantage has become one of our company's core competencies. Our company has obtained important domestic qualification certifications, such as the "Specialized, Refined, Characteristic, and Innovative Enterprise", the "Little Giant Enterprise of Specialization, Refinement, Characteristics, and Innovation", and the "High-Tech Enterprise". These qualifications demonstrate that technological innovation is the competitive strength of our company.

企业公司资质与荣誉/Qualifications and Honors

客户的认可 Recognition from clients

亿富始终“以品质提升价值，打造中国一流的研磨系统综合服务商”为宗旨，针对市场多元化需求，使产品适时更新换代，不断精益求精，产品和服务得到客户的高度认可，多次被评为优质供应商。

INFOR has won the Excellent Supplier Award on multiple occasions.

INFOR has always adhered to the tenet of "enhancing value through quality and building a first-class comprehensive service provider of grinding systems in China". In response to the diversified market demands, we timely upgrade our products and continuously strive for excellence. Our products and services have been highly recognized by customers, and we have been repeatedly rated as a High-Quality Supplier.

出口资质/Export qualifications

整体业务出口合规

Overall Compliance of Export Business

- 资质齐全合规:具备合法进出口经营权、海关备案资质,外贸经营流程合规合法。
- 依托全套出口资质,亿富智能可对外出口各类自主研发生产的智能装备,同时可配套输出相关设备技术、工艺方案、安装运维服务,全面覆盖工业智能装备实物出口与技术出口业务。
- 全球出口布局成熟:企业已搭建完善的海外销售网络,具备成熟的跨境出口运营经验。
- **Fully Qualified & Compliant:**INFOR holds official import and export rights and complete customs registration.
- **Equipped with comprehensive export qualifications,** INFOR exports a full range of self-developed and self-manufactured intelligent equipment. Meanwhile, the company provides supporting customized process solutions, technology licensing, as well as equipment installation, operation and maintenance services, covering both physical product exports and technical service exports of industrial intelligent equipment.
- **Well-established global export network:** The company has built a comprehensive overseas sales system, backed rich experience in cross-border export operations.

شهادة - Certificat - 증명서 - Сертификат - 證明書 - Certificate

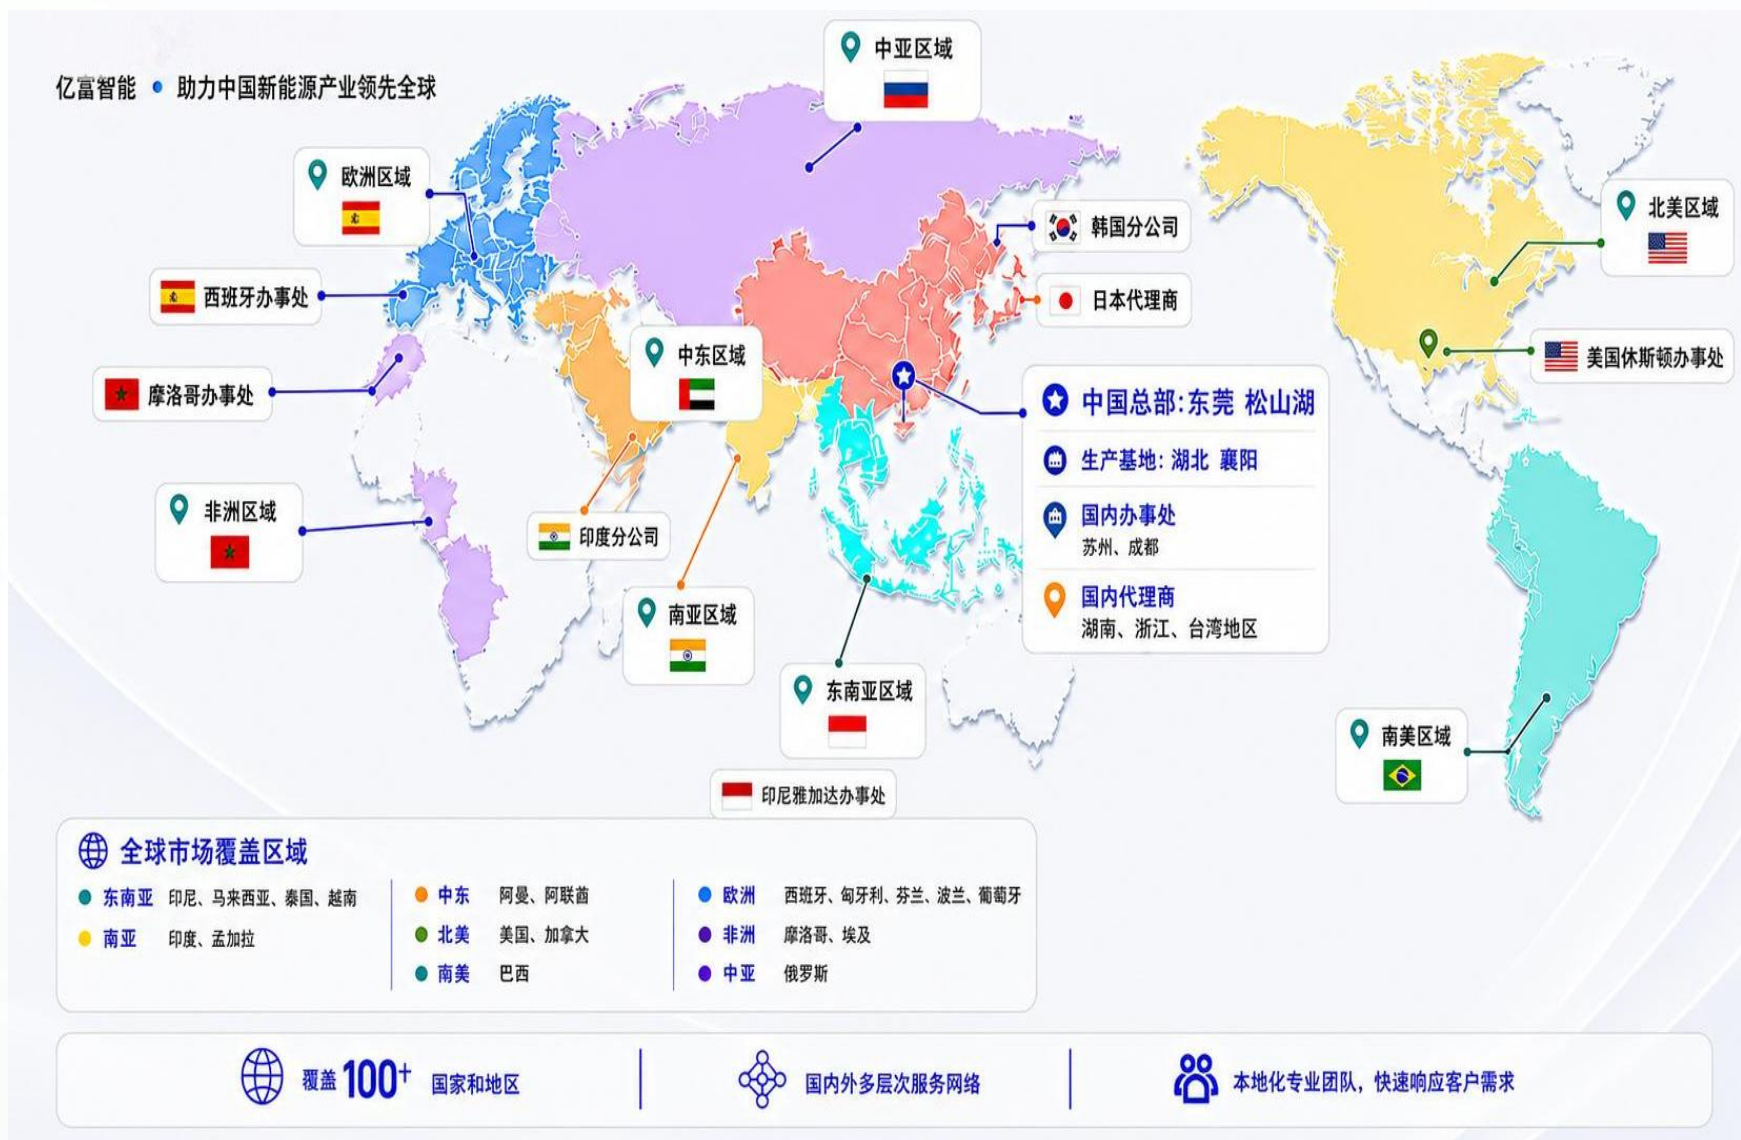

Domestic/中国区域:

- **Domestic Offices:** Suzhou, Chengdu
- **Domestic Agents:** Hunan, Zhejiang, Taiwan

Overseas/国际区域:

- **Southeast Asia:** Indonesia, Malaysia, Thailand, Vietnam
- **South Asia:** India, Bangladesh
- **Middle East:** Oman, United Arab Emirates
- **North America:** United States, Canada
- **South America:** Brazil
- **Europe:** Spain, Hungary, Finland, Poland, Portugal
- **Africa:** Morocco, Egypt
- **Central Asia:** Russia

技术研发团队 Technical R&D Team

全体团队成员均为机械工程专业出身，大部分人员已在公司任职五年以上，积累了扎实丰富的产品研发能力。同时，团队成员积极参与各类行业技术研讨会，持续提升创新水平。

All team members graduated from mechanical engineering majors, and most of them have worked in the company for more than 5 years, accumulating rich product research and development capabilities. At the same time, they actively participate in technical seminars in some industries to continuously improve their innovation capabilities.

生产团队 Production Team

本团队成员行业经验丰富、专业背景多元。团队负责人拥有十余年生产管理经验，具备出色的团队管理能力，带领团队保质保量、高效准时地完成各项生产与交付任务。

The team is composed of a group of members with rich industry experience and diverse professionalism. The team leader has more than 10 years of production management experience and excellent team leadership skills, leading the team to complete production and delivery tasks efficiently, with quality and on time.

项目安装团队 Project team

团队汇聚了多名从业多年、经验丰富的安装技术人员。团队负责人拥有十余年项目管理经验，核心骨干人才涉猎多个行业领域。

The team brings together experienced installation talents who have been working in the industry for many years. The team manager has more than 10 years of project management experience. The core talents of the team cover multiple industry fields".

售后服务团队 After-sales service team

团队成员责任心强、工作热情饱满、专业素养过硬，具备出色的沟通协调能力和服务意识。大家能高效统筹调配团队资源，确保客户的各类问题都得到及时、妥善的解决。

Team members are responsible, enthusiastic and professional. They have excellent communication and coordination skills and service awareness. They efficiently organize and coordinate team resources to ensure that every customer problem can be solved promptly and effectively.

产品与服务
Products&Services

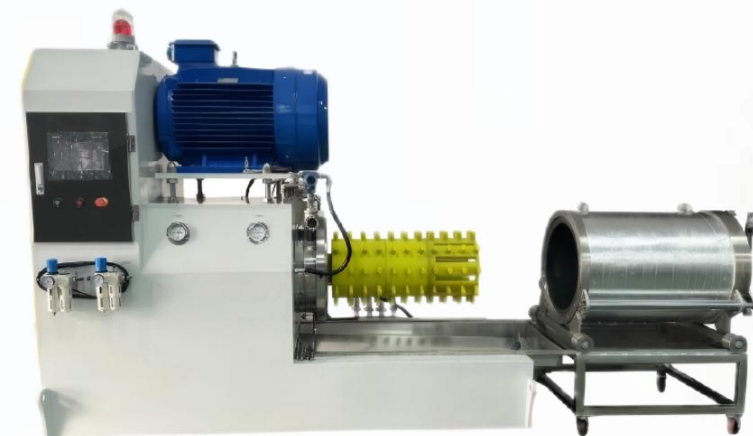

实验室砂磨机
Laboratory Sand Mill

- 研磨细度: 1UM-50NM
- 体积小、运行稳定、结构紧凑、功率小、安装维护方便、小批量、易操作、无金属污染
- 陶瓷墨水·热转印喷墨·化妆品·纳米颜料·纳米色浆·油墨涂料
- Grinding fineness: 1 μ m - 50 nm
- Compact size, stable operation, compact structure, low power consumption, easy installation and maintenance. Suitable for small-batch production, user-friendly operation and free of metal contamination.
- Ceramic ink, heat transfer inkjet ink, cosmetics, nano pigments, nano colorants, inks & coatings

棒销砂磨机
Pin-type Sand mill

- 容积: 5L-400L
- 专为大流量高粘度设计动态涡轮分离器, 具有自清理功能, 不堵料, 效率高。
- 涂料油墨、汽车漆、工业漆、塑胶漆、特种涂料、色浆(油性/水性)
- Volume: 5L - 400L
- The dynamic turbo separator is specially designed for high flow rate and high viscosity materials. It features self-cleaning function, no material clogging and high working efficiency.
- Applications: Coatings & inks, automotive paints, industrial paints, plastic paints, special coatings, oil-based / water-based color pastes.

盘式砂磨机
Laboratory Sand Mill

- 研磨细度:D50 100nm-20um
- 容积: 15L-400L
- 采用进口机械密封, 全氟橡胶密封圈, 设备运行稳定可靠
- 适应连续或批量化生产, 全封闭结构, 溶剂挥发少
- 独特的动态分离方式保证出料顺畅稳定
- 温度, 压力, 轴封液自动保护装置, 使用更安全
- 大功率防爆电机适合中高粘度物料的研磨分散
- 机架高温烤漆, 设备耐腐蚀性强, 使用寿命长
- 汽车漆, 工业漆, 家具漆, 塑胶漆.油墨,
- 油墨, 油墨, 水墨, 色浆, 颜料染料

- Volume: 15L - 400L
- Equipped with imported mechanical seals and perfluoroelastomer gaskets for stable and reliable operation.
- It supports continuous and batch production. The fully enclosed structure greatly reduces solvent volatilization.
- The unique dynamic separation design ensures smooth and consistent discharging.
- Automatic protection devices for temperature, pressure and shaft seal fluid improve operational safety.
- The high-power explosion-proof motor is ideal for grinding and dispersing medium and high-viscosity materials.
- The frame is treated with high-temperature baking paint, featuring excellent corrosion resistance and long service life.
- Application: Automotive paint, industrial paint, furniture paint, plastic paint, printing ink, water-based ink, color paste, pigments and dyes

陶瓷盘
Ceramic disc

合金盘片
Alloy disc

三辊砂磨机

Three-roll sand mill

- 研磨细度/Grinding fineness: 3-20 μm
- 产能/Capacity: 60-300 kg/h
- 辊距调节精度/Roll Gap Adjustment Accuracy: 0.01 mm
- 转速与速比/Speed and Speed Ratio: 145-400 rpm, 1:2:4

液压三辊砂磨机

Hydraulic three-roll sand mill

篮式砂磨机

Basket sand mill

- 容积: 4L-30L
- 清洗, 换色方便, 适合中低粘度物料中小批量, 多品种生产
- Volume: 4L - 30L
- Easy to clean and change colors. Ideal for small and medium-batch, multi-variety production of medium and low viscosity materials.

产品服务介绍/ Product service introduction

F系列高速液压分散机

F series hydraulic high-speed dispersion machine

- Motor power/电机功率: 0.75-75kw
- Stirring speed/搅拌转速: 0-1500r/min
- Dispersion disc diameter/分散盘直径: 180-500mm
- Mixing capacity/搅拌容量: 2L-3500L

F系列双轴高低速分散机

F-Series Dual-Shaft High-Low Speed Dispenser

- 双油封结构, 防止漏油做得更好,标准防爆设计, 符合防爆标准
- 可调式物料筒夹装置, 使用更方便, 一机双轴, 两机双轴, 真空搅拌多种形式可选。
- 适合各类分散需求·分散叶片形状, 材质可按用户要求定做
- Dual oil seal structure provides superior anti-leakage performance. Standard explosion-proof design complies with relevant explosion-proof regulations.
- Equipped with adjustable barrel clamps for easier operation. Multiple configurations are available: single unit with dual shafts, two units with dual shafts, and vacuum stirring type.
- It meets various dispersion requirements. The shape and material of dispersion blades can be customized as requested.

Coating Production Line Solution

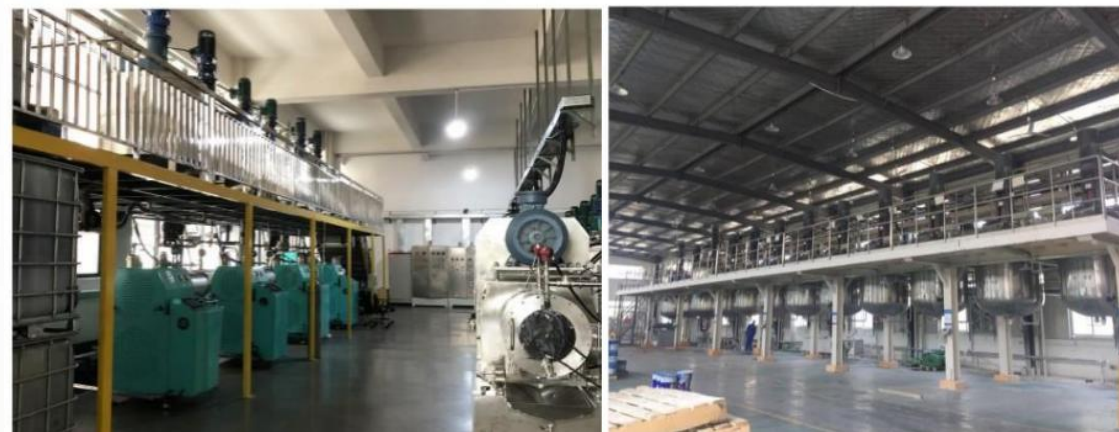

平台式成套设备

通过深入与客户沟通合作，为客户的发展及品质而改善生产流程和提高生产能力，模配交付整套工程的制造，安装，调试到人员培训的全过程服务。丰富的工程设计经验能为客户提供水性涂料设备及电子，电池印刷，胶粘剂，碳纳米管等生产平台有设计与施工。

成套设备包括生物料全过程的各个生产装置，辅助设施，自动化转换，称重等完整的系统安排；

根据用户的投资，产能规模，产品种类及工艺因素设计工程，按要求完成全部设计；成套合格产品从安装，调试，人员培训的全过程提供报务，保证用户生产出全格满意的产品。

- We work closely with clients to upgrade production processes and enhance capacity for better product quality and business development. We provide full turnkey services including manufacturing, installation, commissioning and training. With rich engineering expertise, we undertake design and construction for production platforms of water-based coatings, electronic products, battery printing materials, adhesives, carbon nanotubes and more.
- Our integrated systems cover full-process production units, auxiliary facilities, automatic conveying and weighing equipment.
- Projects are tailored to clients' investment, output, product range and technical processes. We deliver one-stop services from installation, commissioning to training, guaranteeing stable production of qualified products.

Service Flow 服务流程

1 Consultation Docking/咨询对接

Expertise docking staff to provide quality service docking.

专业技术对接人员，提供优质服务对接。

3 Free Experiments/免费实验

The whole set of laboratory equipment is complete, with accurate data to speak, to solve your pre-purchase concerns.

整套实验室设备俱全，用精确数据说话，解决您的购前顾虑。

5 Equipment production/设备生产

Project manager docking production, every week production meeting to follow up the production progress, to ensure on-time delivery of quality.

项目经理全程对接生产，每个星期开生产会议跟进生产进度，保证准时保质发货。

7 Operational acceptance/运行验收

According to the pre-established acceptance criteria and procedures for a period of time after the transport of equipment for its performance, functionality, stability and other aspects of a comprehensive inspection and evaluation to complete the acceptance.

依据事先制定的验收标准和流程对经过一段时间运的设备进行对其性能、功能、稳定性等方面进行全面检查和评估完成验收。

2 Process design / Layout design 工艺设计 / 布局设计

Professional and technical personnel of the product production process for a reasonable process design; and arrangements for 10 years of senior engineers, survey site conditions, master information, and then the overall layout design.

专业技术人员对产品生产流程进行合理的工艺设计；并且安排10年资深工程师，勘查现场情况，掌握资料后，再整体布局设计。

4 Signing contracts and scheduling production/签署合同并排产

After both parties sign the contract, the company arranges to issue the order task for scheduling.

双方签署合同后公司安排下发订单任务进行排产。

6 Installation and commissioning/training of personnel/chaperones 安装调试 / 人员培训 / 陪产

On-site installation and commissioning and one-on-one professional training for operators, so that operators are familiar with the operating principle of the equipment, the procedure operation.

现场安装调试并对操作人员进行一对一专业培训，让操作人员熟悉设备运行原理、程序操作、日常维护、应急操作等。同时提供专人陪产，随时解决生产现场问题。

8 After-sales service/售后服务

Free warranty within 12 months for non-man-made reasons; outside the warranty period we provide lifelong maintenance service for the equipment, outside the warranty period.

12个月内非人为原因免费质保；质保期外我方对设备提供终生维修服务，保修期外，我方将继续为用户提供优质的技术维修服务。

01

End-to-end R&D partnership

In the client's R&D stage, INFOR offers full technical backing via professional experts and engineers. With dedicated equipment and in-depth collaboration, we resolve technical issues promptly, facilitating smooth product development and faster implementation of R&D results.

在客户研发阶段，亿富组建专业专家顾问团队与技术团队，全程提供充足技术支撑，配套专业设备主动联动客户、协同攻坚，高效解决研发过程中各类技术难题，助力客户顺利完成产品研发，加速研发成果落地。

02

Prototype Testing

Equipped with small & medium pilot lines and professional labs, INFOR conducts full data verification and testing prior to mass production. We strictly regulate product performance and quality to guarantee stable, efficient and qualified large-scale manufacturing.

亿富专设小、中试线及专业实验室，可为客户在产品量产前，提供全面的产品数据验证与测试服务，精准把控产品性能与品质，为后续优质量产筑牢坚实基础，确保量产环节高效、稳定、达标

03

Reliable Delivery

We have built a 70,000 square-meter standardized production base in Hubei, featuring four professional workshops fully equipped with automated intelligent processing equipment. Backed by robust manufacturing capabilities and strict quality control, we ensure efficient delivery with guaranteed quality and quantity to fully meet clients' bulk order requirements.

在湖北自建70000m²标准化生产基地，设有4大专业化生产车间，全面配备自动化智能加工设备，月度产能可达200台设备，凭借强大的生产实力与严格的品质管控，实现产品保质保量高效交付，全力满足客户批量订单需求。

04

comprehensive after-sales service

INFOR has established overseas subsidiaries and offices to build a localized service network integrating sales, technical support, installation, commissioning and spare parts supply, ensuring zero-distance service response.

INFOR通过设立海外分公司和办事处，建立集销售、技术支持、安装调试、备件供应于一体的本地化服务网络，确保响应零距离。
